

Daffodil *International* **University**

Course Title : Object Oriented Programming

Semester Assignment I, Fall 2026

Submitted To:

MD. Nasimul Kader
Lecturer,
Department Of CIS

Submitted By:

Kazi Jinnurine Jihad
ID : 253-16-053
Section : 23B
Semester : 1st Semester, Fall 2025

How to download java

First go to java download. Then go to

<https://www.oracle.com/apac/java/technologies/downloads/> this website.

Click windows then install the second link after download it then install to the PC and

create a file and search button write down CMD

Then do the following works

- JAVA_HOME — environment variable pointing to your JDK installation folder
- PATH — add %JAVA_HOME%\bin so java and javac commands work from any terminal location

Useful Commands

java -version → checks installed Java runtime version

javac -version → checks installed Java compiler version

Java Platform

Brief overview of the Java platform — JDK, JRE, and JVM, and how Java code compiles to

bytecode that runs on the JVM

```
public class Hello{  
    public static void main(String[] args) {  
        System.out.println("Hello World");  
    }  
}
```

Out put:

```
PS C:\Users\ThinkPad\Desktop\java\New folder> java Hello  
Hello World  
PS C:\Users\ThinkPad\Desktop\java\New folder> █
```

```
public class Daffodil{  
    public static void main(String[] args) {  
        {  
            System.out.println("This is inside the block.");  
        }  
  
        System.out.println("This is outside the block.");  
    }  
}
```

Output:

```
Problems  Output  Debug Console  Terminal  Ports  
PS C:\Users\ThinkPad\Desktop\java\New folder> java Daffodil  
This is inside the block.  
This is outside the block.  
PS C:\Users\ThinkPad\Desktop\java\New folder> █
```
